REGISTRATION INFO

Come along for an unforgettable 4-day off-road adventure through Gariwerd National Park (Grampians). Four-wheel driving, camping, hiking - we'll provide all the equipment needed. All you need to bring are your clothes and a pillow.

Each group is limited to nine participants.

Together, we'll be travelling on steep off-road tracks along the sharp ridges, break for lunch at amazing lookouts, explore waterfalls, and climb up rugged boulders to find 360 degree views on the summit. While we're away, **we'll be working with you to build your community participation capacity through strengthening self-esteem and resilience.** Key aspects include social skills, social supports, planning & prioritising skills, and goal efficacy. Our team includes experienced social and youth workers, and our supervision ratio is between 1:2 and 1:3.

Departure is from Shepparton, but we can also pick you up in Stanhope, Elmore, Bendigo, Echuca, and Stawell.

We are fully insured, hold working with children checks and police checks, four-wheel driving certificates, and qualifications in health and social work fields. This ensures that our initiatives are fun, safe, and healthy. Our equipment is of high quality and we provide everything - from food, swags and sleeping bags to head torches. And this means that anyone can come along - nobody needs to buy equipment.

COST: \$3,000 (+ GST)

You may be able to claim your participation if you are on a self-managed or provider-managed NDIS plan. Of course, we welcome non-NDIS participants also.

FAQS

COMMON QUESTIONS

Q: How often do you run group adventures?

A: We run 16 multi-day adventures each year. About 12 of these are booked by community groups and schools, and the other 4 accessible to people with all abilities, with particular focus on young people living with a disability (autism specifically). Head to our website (click on the "[register](#)" tab) to see all our scheduled adventures.

Q: Why are the group sizes so small?

A: Because this allows us to give everyone the attention they need and deserve. To achieve this, we have a staff : participation ratio of 1:3 at the minimum (usually 1:2).

Q: Do you run 1:1 adventures?

A: Yes, we do. We like work with individuals over a series (ideally 6) 1:1 one-day adventures. Before we start, we sit down together to find out what your personal goals and objectives are and track achievement along the way. You can book them on our website (head to "[register](#)" or "[programs](#)").

Q: How do you build community participation capacity?

A: We design our adventures based on a validated resilience framework called the "Scale of Protective Factors".

It combines 24 social and cognitive elements. The domains under which these elements can be grouped are **social skills, social support, planning & prioritising, and goal setting**. Leading up to the adventure, we engage with participants and social environment (families, carer, support coordinator) to find out as much as we can. Our intake questionnaire gives us a good idea of their needs, and this is complemented by their completion of the Scale of Protective Factors survey, too.

Our approach is strength-based. Each day, we work on the four resilience domain and tailor our approach to the group and each individual. You can see what this looks like by watching our trip report videos: Head to our website and click the [programs](#) tab.

We follow up with participants, families and support workers (where applicable) to discuss our observations and find solutions for continued strengthening.
