OTWAY MAGIC

REGISTRATION INFO

We'll be running two capacity-building adventures to the Otway National Park and Great Ocean Road in January 2026:

- 17-22 year olds: 6-9 January
- 14-16 year olds: 13-16 January

We can take a maximum of 9 participants on each camp, supported by 3 staff. **The goal of this activity is to develop your capacity to participate in your community. We do that by supporting you to grow social skills and self-confidence.**

Come along for an unforgettable 4-day off-road adventure through to the Great Otways. Four-wheel driving, camping, fishing, hiking - we'll provide all the equipment and food needed. All you need to bring are your clothes and a pillow.

Together, we'll be travelling on off-road tracks in the rainforest and along the ocean cliffs, explore ship wrecks and swim in waterfalls.

We are fully insured, hold working with children checks and police checks, four-wheel driving certificates, and qualifications in health and social work fields. This ensures that our initiatives are fun, safe, and healthy. Our equipment is of high quality and we provide everything - from food and swags to head torches. And this means that anyone can come along - nobody needs to buy equipment.

WAIT... WHAAAT?

GIMME THE DEETS!

here more than 150 years ago. During the afternoon, we'll be going for swims and try out canoeing and fishing.

DAY 3

Rainforests, steep and muddy 4x4 tracks, and waterfalls - you're in for a magical experience. We'll be spending the day on the tracks, broken up by short hikes to stunning locations. At the end of the day, we'll cool off with a swim in Apollo Bay and then make our way back to camp to relax. And once it gets dark, we have a very special magical surprise for you!

DAY 4

We'll be packing up and then head back home - taking the scenic route along the Great Ocean Road. We aim to be back in Shepparton around 4pm and will let carers know a more exact time of arrival once we have left Melbourne behind us.

DAY 1

We'll leave from Shepparton at 9am. We can pick up participants in Seymour, Wallan, and Colac also.

We'll make our way to the coast, where we'll set up base camp. At camp, there's a river to fish in and a sandy 4x4 track that takes us to a remote beach. And if you look up and around, you should be able to spot Koalas around the campsite, too!

DAY 2

We'll be heading down the Great Ocean Rd to take a stunning 4x4 track that hugs the coast, exploring beaches and remnants of ships that stranded
